2023-24

Quarter-II

Semester-I

Semester 1	Thrust area: Validation & Concept Development Quarter 2
Theme	Innovation
Activity Name	Paper Presentation on “National Energy Conservation Day (India)”
Mode of Conduct	Offline
Time	One Day, 14 th December 2023
Participants	Students:80 students as 40 teams Faculty: 7

Objective:

Educate the public about the importance of energy conservation in mitigating climate change and preserving natural resources.

Exemplary:

A total of 80 students from diverse academic backgrounds, including members of the Innovation and Incubation Cell (IIC), alongside 7 faculty coordinators, enthusiastically participated in the National Energy Conservation Day event. Throughout the day-long program, students showcased their creativity and commitment to sustainable practices through engaging paper presentations, highlighting innovative solutions for energy conservation.

The focus on innovative solutions for energy conservation through paper presentations not only served as a platform for knowledge dissemination but also fostered a sense of responsibility towards the environment among the participants. Such initiatives play a pivotal role in shaping future leaders who are committed to creating a greener and more sustainable world. The active involvement of students and faculty members exemplifies the institute's dedication to nurturing socially responsible citizens and advancing India's sustainable development agenda.

The event garnered an overwhelming response from both students and faculty members, reflecting the collective dedication towards promoting environmental consciousness and sustainable development. The Principal, Dr. B. Karuna Kumar, and the IIC President, along with the Vice Principal - Academics, Dr. M.R.Ch. Sastry, expressed their heartfelt appreciation to the entire IIC team, for orchestrating such a successful event.
