These resource persons gave the details about various career options and opportunities available for engineers in light of present industry scenario. They explained about the different job roles in the industry with real time examples. They stressed on what the industry is expecting from engineers and what does an engineer need to do to adapt to changing industry expectations. They explained about the steps a budding engineer needs to take during four years of his/her study. They also motivated the students to do at least 2 certification programs from leading online learning platforms like NPTEL, Coursera and Udemmy by the end of III B.Tech II semester so that the chances for getting placed in companies will be increased. The resource persons were felicitated with AAGEC mementos as a token of appreciation.

M.Kamal Tej
Secretary, AAGEC
