The Approval accorded above is subject to the conditions that any of the following is not violated or intervened during the period of validity of said approval:

1. The institution must continue to have Affiliation to a University for the above courses before making admissions. In the absence of such Affiliation this letter of approval shall be treated as Withdrawn (Order of the High Court of Madras in W. P. No. 33256 of 2002 and other Batch of Petitions).
2. The approved course(s) shall commence as per the academic calendar of the Affiliating University.
3. If this letter of approval is received by you after the closing date of State / National Level Central Counseling for Admissions in the concerned State / Union Territory, this Letter of Approval will not be valid for making any admission during the above specified academic year, and shall be treated as withdrawn.
4. *No excess admission shall be made by the Institution during any academic year.*
5. The approval is valid only for the academic year 2004-2005. If no further extension of AICTE approval is received beyond the academic year 2004-2005, this Approval Letter will not be valid for making any admission for the subsequent years.
6. Any other condition(s) as may be specified by AICTE from time to time.

Consequent to the Supreme Court Judgment, the Model Constitution of Governing Body notified by AICTE in its approval Regulations 1994, stands overruled. It has been decided that while AICTE will not insist on any nomination in the Governing Body of ~~Private Unaided Institutions~~, the Affiliating University / State Government shall impose minimum conditions of affiliation, such as, prescription of qualifications of Governing Body Members, in order to ensure academic excellence. It shall be desirable for the private unaided institutions to induct at least 50% of the members of the Governing Body drawn from renowned academia, academic administrators, Subject Experts and professionals from industry, in order to seek their innovative ideas for continuous improvement in the delivery of teaching learning process, matching best practices elsewhere and achieve excellence.

In exercise of power conferred under 10(p) of the AICTE Act, AICTE, may inspect the institution any time, it may deem fit to verify the progress / compliance or for any other purpose.

The suggested improvements, enclosed, herewith, should be complied with before the commencement of the next academic year, failing which appropriate action may be effected.

F.No.: 730-50-265(E)/ET/98

In the event of infringement/ contravention or non-compliance of the above Conditions and/or the provision of AICTE Act & Regulations/ Guidelines/ Norms & Standards as prescribed by AICTE, further actions leading to "Reduced Intake" or "No Admission" or "Withdrawal of Approval", may be taken by AICTE and the liability arising out of such actions will be solely that of the Management of the Institution.

Sub: Extension of approval to Gudlavalleru Engineering College Gudlavalleru 521356, Krishna Dist Andhra Pradesh for the year 2005-06-reg.

Sir/ Madam,

As you are aware, **All India Council for Technical Education** has been mandated under the AICTE Act, 1987 to ensure **maintenance of norms and standards** with regard to technical education in the country. In exercise of this mandate, the Council insists on fulfillment of the minimum requirements prescribed for imparting technical education by the institution so that **quality of courses** is not compromised and stakeholders are satisfied. The Council also undertakes an **annual Inspection** of the institutions and conveys deficiencies to them for **rectification**.

It has been observed however that notwithstanding the Council's **repeated advice** to comply with minimum norms and standards, many institutions continue to be **complacent** about taking steps to remedy the deficiencies.

Such institutions suffer from **critical deficiencies** of faculty in proper cadre ratio, qualification, experience and other requirements. Feed back of students with regard to quality of education imparted by such institutions has evoked grave concern. The Expert Committees, following **holistic appraisal** during inspections, have also pointed out severe shortcomings

The institution has been found to be suffering from several deficiencies, which are listed in **Annexure-A** for your perusal. Shortage of faculty is of gravest concern.

The deficiencies in respect of faculty (including proper cadre ratio & qualification etc.) could have rendered your institution liable for punitive action including being placed in no admission/ reduced intake category. However the Council has decided to take a lenient view and give you yet another **last opportunity** to rectify the deficiencies particularly with regard to faculty shortage, proper cadre ratio & requisite qualification. Course-wise approved intake in respect of **Gudlavalleru Engineering College, Gudlavalleru 521356, Krishna Dist Andhra Pradesh**, your institution for the year 2005-06 is as under: -

COURSE (S)	APPROVED INTAKE 2004-05	APPROVED INTAKE 2005-06
COMPUTER SC & ENGG	90	90
ELECTRICAL & ELECTRONICS ENGG	90	90
ELECTRONICS & COMM ENGG	120	120
INFORMATION TECHNOLOGY	30	30
M.TECH-DIGITAL ELECTRONICS & COMMUNICATION SYSTEMS	18	18
MCA (FT)	60	60
MECHANICAL ENGG.	90	90
TOTAL	498	498

Note: - Additional intake/new courses/PIO quota not granted on account of deficiencies in respect of running existing courses/intake.

The above approval is subject to your rectification of deficiencies latest by August end, 2005. A compliance report indicating rectification of deficiencies and details of faculty recruited for each course must be received by the Council, with a copy to concerned Regional Officer latest by **31st August, 2005** to entitle your institution for **extension of approval** for the year **2006-07**.

The compliance report must be accompanied with a **visiting/processing fee as** prescribed by the Council in the form of demand draft in favour of **Member Secretary, AICTE payable at New Delhi**. In the absence of the processing/visiting fee, the compliance report may not be entertained.

Following the compliance report, the Council would verify the status in respect of rectification of deficiencies through physical inspection without any prior intimation. The institution should therefore be prepared for random inspection without any prior notice. Extension of approval for the year 2006-07 shall be dependent on the compliance report and the outcome of the surprise inspection.

5.

Catering Technology, Applied Arts & Crafts and such other programs and areas as are notified by the Council from time to time.

- (b) Universities including Deemed to be Universities of Government, Government Aided and Private (self financing) conducting courses / programs in the fields of technical education, training and research in Engineering, Technology including MCA, Architecture, Town Planning, Management, Pharmacy, Hotel Management & Catering Technology, Applied Arts & Crafts and such other programs and areas as are notified by the Council from time to time.

(5) Requirement: -

Under section 10 (o) of AICTE Act, it shall be the duty of the Council to take all such steps as it may think fit for ensuring coordinated and integrated development of technical and management education and maintenance of standards and for the purposes of performing the functions under this Act, the Council may provide guidelines for admission of students to technical institutions and Universities imparting technical education.

6.1 ADMISSION OF DIPLOMA HOLDERS INTO SECOND YEAR DEGREE ENGINEERING PROGRAMS THROUGH LATERAL ENTRY

6.1. (a) Admission of Diploma Holders

Although engineering diploma programmes are conceived as terminal in nature, some flexibility has to be built in to enable the meritorious amongst diploma holders to obtain Engineering degrees. There is evidence of diploma holders pursuing an Engineering programme having performed well not only in their academic careers but also in their jobs.

6.1 (b) Eligibility

For being eligible to seek lateral entry to an Engineering degree programme at the second year/ third semester level, a candidate must have passed the diploma in Engineering in the relevant branch with a minimum of 60 percent in the aggregate. Only candidates fulfilling these conditions would be eligible for appearing in the entrance test meant for selection of diploma holders for Lateral entry to degree programmes. The selection of candidates will be based on an entrance test, the merit ranking in the test being the basis of admission.

At present students obtain diploma through different programmes in different States/UTs. Such programmes have different structures and forms like the semester pattern, annual pattern, sandwich pattern, etc. In order to maintain uniformity, a common entrance examination seems essential. Further, it is necessary to select only meritorious students who have passed the diploma with good academic record.

A student who has acquired a diploma in Engineering through a minimum of three years of institutional study, after 10+(Secondary School Leaving Certificate Examination) can be considered to be academically equivalent to a student who has passed the first year of the four year Engineering degree programme for which the qualifying examination is of the 12+ level.

The Affiliating University may prescribe compensatory courses to make up deficiencies for diploma holders, who are admitted through lateral entry.

6.2(a) Admission of B. Sc., Graduates

Science education in the country is suffered primarily due to lack of employment opportunities after completion of degree courses. This trend is affecting the science education in the country and only a few students are opting to go for the science stream. In order to provide science

students avenues for proper employment opportunities after completing graduation, Science graduates may be permitted to join Engineering courses at second year along with the diploma holders through lateral entry.

6.2 (b) Eligibility:

For being eligible to seek lateral entry to an Engineering degree programme at the second year/ third semester level, a candidate must have passed the Degree in Science (B.Sc.), with Mathematics as a subject and with a minimum of 60 percent marks in the aggregate. Only candidates fulfilling these conditions would be eligible for appearing in the entrance test meant for selection of B.Sc., graduates for Lateral entry to an Engineering degree programme. The selection of candidates will be based on an entrance test, the merit ranking in the test being the basis of admission.

The affiliating University may exempt B.Sc., degree holders from Science courses and other relevant courses at the second year level and prescribe compensatory courses to makeup deficiencies.

(7) Extent of Lateral Entry

Diploma holders and B.Sc Degree holders shall be eligible for admission to second year Engineering degree programmes up to a maximum of 10% of sanctioned intake, which will be over and above the approved intake (supernumerary). In addition, these candidates shall be eligible for admission in the second year against the vacant seats at first year level. The concerned Admission Authority shall decide the ratio between the diploma holders and B.Sc graduates for admission.

(8) Interpretation

If any question arises as to the interpretation of these Regulations, the same shall be decided by the Council.

The Council shall have the power to issue clarification to remove any doubt which may arise in regard to implementation of these Regulations.

(9) Power to relax

The Council may, in exceptional cases, for removal of any hardship or such other reasons to be recorded in writing, relax any of the provisions of these Regulations.

F.No. 37-3/Legal/2007
16.04.2007

To,

The Directors/Principals of Technical Institutions and
Registrars of Universities including deemed to be Universities

Sub: Instructions to be issued to the Technical Institutions, Universities including Deemed to be Universities imparting Technical Education regarding matters concerning charging of fees, refund of fees and other student related issues.

Sir,

You are aware that All India Council for Technical Education (AICTE) has been empowered *inter alia* under section 10 (n) of AICTE Act to "take all necessary steps to prevent commercialization of technical education". In compliance with the provisions under AICTE Act and in the light of directions of Govt. of India issued under section 20 (1) of AICTE Act vide Letter No. (U.1 (A) Section), it has been decided to issue instructions to the Technical institutions, Universities including Deemed to be Universities imparting Technical Education in the matters concerning students.

Whereas it has come to the notice of the AICTE that Technical Institutions and Universities including Deemed to be Universities, are admitting students to technical education programmes long before the actual starting of an academic session; collecting full fee from the admitted students; and, retaining their school/institution's leaving certificates in the original;

And Whereas, Institutions and Universities are also reportedly confiscating the fee paid if a student fails to join by such dates;

And, Whereas, certificates in original are being detained by institutions and Universities to force retention of admitted students;

And, Whereas the time-limit for students to join the courses/programmes is also being advanced in some cases unrealistically so as to pre-empt students/candidates from exercising other options of joining other institutions of their choice.

In the event of a student/ candidate withdrawing before the starting of the course, the wait listed candidates should be given admissions against the vacant seat. The entire fee collected from the student, after a deduction of the processing fee of not more than Rs.1000/- (Rupees one thousand only) shall be refunded and returned by the Institution/ University to the student/candidate withdrawing from the programme. It would not be permissible for Institutions and Universities to retain the School/Institution Leaving Certificates in original. Should a student leave after joining the course and if the seat consequently falling vacant has been filled by another candidate by the last date of admission, the Institution must return the fee collected with proportionate deductions of monthly fee and proportionate hostel rent, where applicable.

Any violation of instructions issued by the AICTE, shall call for punitive action including withdrawal of approval and recognition of erring institutions and Universities. AICTE shall on its own or on receipt of specific complaints from those affected take all such steps as may be necessary to enforce these directions.

Yours faithfully

(Dr. K. Narayana Rao)
Member Secretary

Sub : Accreditation Status of Programme(s) offered by your Institution.

Dear Sir:

With reference to your application for accreditation of the following programme (s) and the Expert Committee visit to your institution, the report of the visit team was considered by the various Sectoral Committees and subsequently by the National Board of Accreditation in its meeting held on 19.07.2008. Based on the recommendations of the Board, I am pleased to communicate the Accreditation Status of the following programme (s) from your Institution.

Sl. No.	Name of UG Programme(s)	Accreditation Status	Period of validity w.e.f. 19.07.2008
1.	Computer Science & Engg.	Accredited	3 years
2.	Mechanical Engg.	Accredited	3 years
3.	Information Technology	Accredited	3 years
4.	Electronics & Comm. Engg.	Accredited	3 years
5.	Electrical & Electronics Engg.	Accredited	3 years

(Total number of programmes **Accredited** vide this letter– **Five**)

The Accreditation status awarded to the above programmes of your institution does not imply accreditation to the College / Institution as a whole. Complete name of the Programme(s) Accredited and its period of validity, as well as the date from which the award is effective, should be quoted unambiguously whenever it is used. The accreditation status of the above programmes is subject to periodic review by the NBA Secretariat and will be changed if major deficiencies are identified on surveillance. You are also requested to comply with the mandatory disclosure of pertinent information as per the proforma placed in the AICTE website with respect to accredited programmes of your institution. The same information should also appear in the website and information bulletin of your institution clearly indicating the date of publication of the same.

Contd....2

The status awarded to the above programmes of your college / Institution is on the presumption that the programmes would maintain the current standards in future. If there are any changes that would effectively alter the status (such as, major changes in faculty strength or changes in the organizational structure, etc.), the same shall be communicated to the undersigned, with an appropriate explanatory note. A comprehensive report submitted by the Chairman of the expert committee who visited your institution and the distribution of marks/points awarded for each programme against the accreditation parameters are enclosed for further necessary action at your end to overcome the shortcomings observed in each programme. If you are not satisfied with the decision of the Board, you may forward your appeal application with requisite fee within thirty days of receipt of this communication.

Let me also take this opportunity to congratulate all those who have contributed to the quality enhancement of programmes that secured accreditation by NBA.

With best regards,

Yours Truly,

(Tabassum Naqvi)

NBA Accreditation visit to Gudlavalleru Engineering College,
Andhra Pradesh

CHAIRMAN'S REPORT

Gudlavalleru Engineering College is located at Gudlavalleru Village, Krishna District, A.P.. The promoter society "Adusmilli Aswardha Narayan Murthy & Vallurpali Venkata Rama Seshadri Rao Educational Society" was established on 31st March, 1981 with the object of establishing Aiding and Maintaining technical, engineering and general educational institutions. The Society started "A.A.N.M. & V.V.R.S.R. Polytechnic in 1981 and an English Medium School in 1988. The Society has started the Engineering college in 1998. The college is approved by AICTE, permitted by the Government of A.P., and is affiliated with JNTU, Hyderabad.

The college submitted proposals to the NBA for accreditation for following branches of Engineering, U.G. programmes; EEE, ME, ECF, CSE & IT.

Over and above U.G. programmes, it runs MCA(60), MBA(60) and M.Tech. in ECE (18) programmes.

The team comprising of ten experts and myself visited the college on 22nd, 23rd & 24th February, 2008 (List attached). All programmes are AICTE approved and college is affiliated to JNTU.

The Institute is spread over in 25.04 Acre of land with construction area of about 2 Lac 60 thousand sq. ft. The building is spacious & well-planned.

- ✓ The college has well defined Vision and Mission statements.
- ✓ The Governance System is in place. Governing Body meetings are regularly held. However decentralization upto faculty level is required.
- ✓ The Management is committed and are putting efforts to impart the quality education. However the team observed that to some of the fresh recruits though they are paying basic pay as per AICTE norms for initial some period they do not pay full D.A. as per State Government rules.

There is no Boys Hostel on the campus however Ladies Hostel is available with adequate facilities.

- ✓ College has a very good library facility in terms of Space, Books, Journals, CDs, etc. Each department also has the Departmental Library. Central Computing facility is quite adequate. The college has 2 mbps internet

bandwidth. Out of total 760 computers, 210 computers are with internet facility. The computers are Wi Fi Enabled.

The faculty is well qualified and committed. The college being in rural area, they have cordial relationship with each other and also with the students. However, students mostly are from the nearby village areas and hence their aspiration level is not very high.

The Department wise strengths and weaknesses observed by the experts is as under :

1. **Electrical & Electronics Engineering (U.G.) :**

Strengths :

- HOD is a dynamic leader and leads the department in a progressive manner.
- Conducive Environment to pursue the academic activities
- Well equipped laboratory and good Laboratory Manual.
- Good Innovative projects are done under the head of "Mini Projects".
- Faculty Student Ratio & Cadre Ratio is good.

Weaknesses :

- Professors do not possess AICTE qualifications.
- Industry Institution Interaction needs to be improved.
- Thrust on R&D activity & Faculty publication need to be strengthened.
- Placement Activity needs to be strengthened.
- Students need to be encouraged for appearing in Competitive Examinations.

2. **Computer Science & Engineering :**

Strengths :

- Laboratories are well maintained and has adequate floor area.

- Faculty members are working with commitment
- Good number of supporting staff with adequate qualifications are available.
- Even though the institute is located in rural area quality of student is good.

Weaknesses :

- The department has some P-II, RRII systems, this needs upgradation or to be removed.
- In some Basic Laboratories, teaching is imparted on DOS which is required to be on Windows base.
- Existing internet bandwidth of 2 mbps should be enhanced.
- Faculty members with B.E./B.Tech. be deputed for P.G. programmes and extra efforts to recruit faculty with P.G. qualification required.

3. Communication Engineering :

Strengths :

- The department has well-qualified faculty and Cadre Ratio is also maintained.
- Performance Appraisal is carried out through students feed back and proper follow up action is done.
- Faculty is encouraged to improve qualification.
- Supporting staff is well qualified and is as per AICTE norms.
- Meritorious students seek admission in spite of remote location.
- Good Course files and Lab Manuals.
- Laboratories are well equipped and equipments are well utilized.
- Lecture CDs from I.I.T. faculty being used.

- Handouts are prepared by faculty which enable students to prepare their subjects well.

Weakness :

- Decentralization has to penetrate up to faculty level extent.
- Skill up gradation of technical support staff need enhancement.
- Students should be encouraged to actively involve in professional society activities such as IEEE, IEE, etc. More Entrepreneurship programmes need be organized.
- Industry interaction and Alumni activities also need upgradation.
- Sponsored/Industrial Research & Development need to be enhanced.
- Consultancy & Testing does not exist in the department.

4. Mechanical Engineering :

Strengths :

- Department has qualified and committed faculty.
- Mechanical Engg. Is a preferred branch for admission by students.
- Department gets allocation of enough recurring and non-recurring budget, and it is utilized.
- Enough number of supporting staff is available for upkeep of the labs/workshops. Efforts are taken for their skill upgradation.
- Students are a happy and satisfied lot.
- Cordial relation exists amongst faculty, supporting staff and students.

Weakness :

- Faculty needs to undertake consultancy / R&D projects. They should then publish papers from the R&D work. At the moment, one or two faculty have publications to their credit. Others also need to be doing this.

- More efforts need to be undertaken towards improvement of communication skill of students.
- More industrial oriented problems need to be given to final year students for their project work

5. Information Technology :

Strengths :

- Department has qualified and dedicated faculties & staff with adequate cadre ratio and Faculty Student ratio. Promotion policy and performance appraisal system exist in the department.
- Faculty participation in various activities of the Department are good.
- Student admissions in the department are as per norms and Academic results of the Department are good. Student Feedback system exists.
- Academic calendar is well maintained and delivery of syllabus content are adequate. Continuous evaluation process in the Department exists.
- Department has well equipped laboratories with adequate number of PCs and licensed software.
- It has a good department library and has online access facility to Institute Library.
- Budget allocation under R&D head exists.

Weaknesses :

- All the faculties of the department do not have individual PC and access to internet.
- Faculty qualifications regular upgradation through more liberal deputation policy
- Supporting Staff in the department don't have opportunity for skill upgradation.

- Participation in competitive exams by students needs to be encouraged.
- Student placement activity needs to be improved.
- Contents beyond syllabus coverage need to be strengthened further.
- Initiative towards R&D activities like Industrial R&D, Industry Participation, Continuing education & Consultancy & Testing need to be improved.

RECOMMENDATION :

The Committee recommends to accredit all programmes as per programme wise marks allocation.
