Department of Civil Engineering

CIVIL ENGINEERING ALUMNI ASSOCIATION

DISA ...a way forward

Alumni of GEC were always unique in their respective fields. They have been actively participating in making GEC as one of the best institutes. The GEC Alumni Association, DISA... a way forward, a career building program for budding engineers was organized on 29th March 2025 for I B.Tech Civil Engineering students which were planned by Dr. P. Kodanda Rama Rao, Vice-Principal Administration and Dr A.H.L.Swaroop, Head of Department (HoD). The program commenced with warm welcome of the audience and alumni members by A.H.L.Swaroop, HoD.

Alumni addressing I Btech CE Students

DISA is a program offered for the first-year students who are freshmen to technical education.

The session was highly engaging and provided students with a deeper understanding of the skills and attributes necessary for success in both their academic pursuits and future careers.

Dr. S. Manjula emphasized the significance of developing strong communication skills and effective problem-solving techniques. She highlighted that these competencies are crucial not only for academic success but also for excelling in the Civil Engineering profession.

She stressed the need for students to be adaptable to the ever-evolving technologies and methodologies in Civil Engineering. She pointed out that staying updated with industry advancements is essential for a successful career in this field.

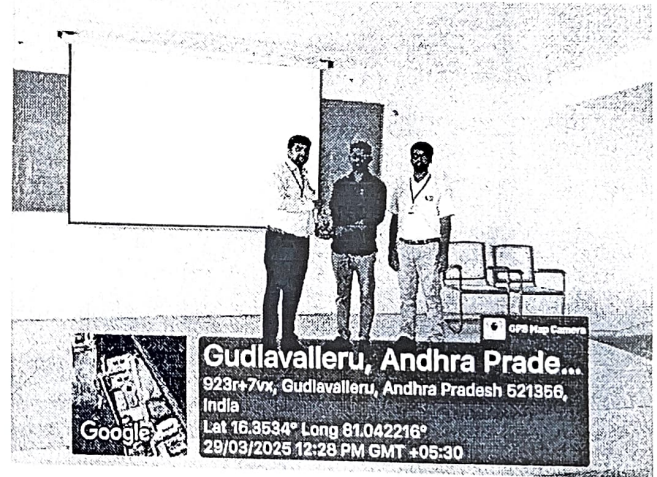

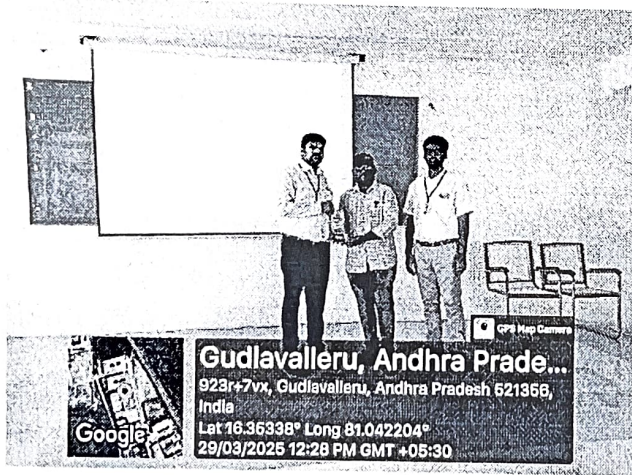

Students interacted with their Alumni with high enthusiasm and participated actively during question hour

In addition to career advice, Dr. Manjula shared practical strategies for preparing for exams and performing exceptionally to achieve academic success. She provided insights into time management, study techniques, and maintaining focus, which are essential for becoming an academic topper.

Mr.S.Karthikram provided an overview of various job opportunities available to Civil Engineering graduates. They have discussed potential career paths and the skills required to secure these positions, offering students a comprehensive view of the job market after B.Tech.

Mr.K.Sasidhar gave an overview of software courses along with the civil engineering course. Students can also choose the software field, even while studying civil engineering domain.

The alumni also encouraged students to maintain good conduct during their academic years, underscoring that personal behavior and ethics play a vital role in shaping one's professional future. They advised students to cultivate a sense of responsibility and discipline, as these traits would reflect positively in their careers.

Felicitation of Alumni by Dr A.H.L.Swaroop & Mr.G.Sai Krishna

GEC ALUMNI ASSOCIATION

DISA ...a way forward

29-03-2025

On behalf of GEC Alumni Association, DISA... a way forward, an orientation programme for **I B. Tech students** was organized on **29th March 2025**. The programme was organized by **Mr. G. Balaji**, Advisor – GEC Alumni Association, which was planned by **Dr. P. Kodanda Rama Rao**, Vice-Principal Administration. The programme started with garlanding the statue of late Sri. V.V.R. Seshadri Rao, father of Seshadri Rao Gudlavalleru Engineering College by the alumni who attended the programme. Later on, the alumni of the respective departments were taken to the respective venues arranged for the interaction of alumni with the students. Then, Head of the Department, EEE, Dr. A. Amarendra gave welcome address, introduced the alumni to the audience and suggested to get benefited by the programme effectively. **Mr. K. Muralidhar**, **Mr. Shaik Akmal**, **Mr. Ch. Girish Varma**, **Mr. P. Prakash** and **Mr. M. Pavan Satya Manikanta** were the resource persons for the programme.

Alumni and college officials at the Statue of late Sri V.V.R. Seshadri Rao

Mr. K. Muralidhar (2002 Batch), currently serving as an IT Delivery Manager at Johnson Controls Pvt. Ltd., Bangalore, addressed the students and stressed the importance of enhancing soft skills and communication abilities, which he believes are key to succeeding in today's global environment. He also provided insights into the diverse career paths and opportunities available to engineers in the current industry landscape, helping students understand the evolving demands of the professional world.

Mr. Shaik Akmal (2016 Batch), currently working as a Test Engineer at Promptora.AI, Hyderabad, delivered an inspiring session for the students. He shared a thought-provoking story that left a strong motivational impact and encouraged students to think creatively and bring forward innovative ideas. Drawing from his professional experiences, he offered valuable insights into what the industry expects from engineers and emphasized the importance of staying adaptable in the face of rapid technological changes. He also advised students to connect electrical engineering concepts with real-life scenarios and stressed the need to develop effective time management skills to succeed in their careers.

Mr. Ch. Girish Varma (2017 Batch), currently working as a Scheduling of Power Generation Officer at GREENCO, Hyderabad, interacted with the students and shared valuable insights from his professional journey. He emphasized the importance of developing creative thinking and coding skills, which he believes are essential for excelling in any field globally. Mr. Varma also encouraged students to cultivate self-learning abilities, highlighting that this trait plays a crucial role in staying relevant in the fast-evolving industry. He fondly recalled his bond with SR Gudlavalleru Engineering College and motivated students to make the best use of the college library and e-resources to stay updated with the latest knowledge and trends.

Mr. P. Prakash (2019 Batch), currently employed as an Embedded Engineer at Regami Solutions, Chennai, spoke to the students about the vast scope of the VLSI industry, highlighting its various specializations such as analog /mixed-signal design, digital design, and physical design. He emphasized that focusing on a specific domain can help individuals gain deep expertise and take on more advanced and rewarding roles in the field. Mr. Prakash also advised students to plan their careers thoughtfully and encouraged them to pursue online courses beyond the standard curriculum to stay competitive and industry-ready.

Mr. M. Pavan Satya Manikanta (2019 Batch), currently working at Toshiba, interacted with the students and shared valuable insights from his professional journey. He emphasized the importance of building a strong technical foundation and staying updated with emerging technologies in the industry. He encouraged students to focus on practical learning and hands-on experience, which he believes are essential for excelling in core engineering roles. Mr. Manikanta also motivated students to stay curious, ask questions, and take initiative in exploring new concepts beyond the classroom. He stressed the significance of continuous learning and adapting to the dynamic nature of the tech world.

Some valuable suggestions are given by these alumni members to students on how to become a successful engineer and a good human being with good ethics and morals. It is conveyed to students that SRGEC Alumni would like to make best efforts to ensure that all the outgoing students of this almighty college to live up to industrial expectations and standards.

The alumni members are felicitated with AAGEC Alumni Association mementos by **Dr. A. Amarendra**, Professor and Head of the EEE Department. **Ms. Sufia Khanam**, Alumni Co-Ordinator of EEE Department proposed vote of thanks.

GEC ALUMNI ASSOCIATION

DISA ...a way forward

29-03-2025

On behalf of GEC Alumni Association, DISA... a way forward, an orientation programme for I B.Tech. Electronics and Communication Engineering and Internet of Things students was organized on 29th March 2025. The programme started with a welcome address and introduction of alumni members to the audience by Dr. B. Rajasekhar (HoD, ECE) and Dr. Y. Syamala (HoD, IoT). Mr. D. Rahul Avinash (2013 Batch-ECE), Ms. Farah Shabana (2020 Batch- ECE), Mr. K. Sumana Datta (2024 Batch-IoT), Mr. V. Praveen Kumar (2008 Batch-ECE) and Mr. U. Sumanth (2023 Batch-ECE) acted as resource persons for the programme.

Mr. D. Rahul Avinash (2009-13) currently working as an Associate Consultant for TCS, Hyderabad. He discussed the methods to improve the problem and analytic skills. He addressed the complications of online games and adviced to utilize the time in reading books and magazines available in the college library.

Mr. D. Rahul Avinash addressing the students

Ms. Farah Shabana (2016-20) currently working as Senior Systems Engineer at Infosys, Hyderabad. She shared insights into communication skills, timeless market trends such as cybersecurity and AI, applications of microcontroller hardware, and the practical use of front-end and back-end technologies in everyday life.

Ms. Farah Shabana addressing the students

Mr. K. Sumana Datta (2020-24) currently working as a SoC analyst, Inspira, Hyderabad. He discussed the importance of Internet of Things in various industries. He shared his experiences at Seshadri Rao Gudlavalleru Engineering College and emphasized the importance of pre-placement training.

Mr. K. Sumana Datta addressing the students

Mr. V. Praveen Kumar (2004-08) currently working as Managing Director, PD Associates, Vijayawada. He emphasized the importance of financial discipline in our lives. He discussed the effective utilization of the resources available at the college for enhancing our career prospects. He advised not to depend on others and not to compare with others.

Mr. V. Praveen Kumar addressing the students

Mr. U. Sumanth (2019-23) currently working as a Software Test Engineer, Vasista Enterprise Solutions Pvt. Ltd, Hyderabad. He encouraged students to focus on skill development, adaptability, and continuous improvement for long-term success in the IT sector. He explained the interview process and provided tips on how to prepare a resume.

Mr. U. Sumanth addressing the students

Alumni provided the students with valuable advice on how to become a successful engineer as well as a good human being with professional ethics and morals. It is conveyed to students that SRGEC Alumni wishes to make every effort to ensure that all outgoing students of this college meet industrial needs.

GEC ALUMNI ASSOCIATION

DISA ...a way forward

29-03-2025

The GEC Alumni Association successfully organized an orientation programme, "DISA... A Way Forward," for the first-year B.Tech. students of Computer Science and Engineering (CSE) and Artificial Intelligence and Machine Learning (AIML) on 29th March 2025. The event aimed to provide insights, guidance, and motivation to the students as they embark on their academic journey.

The programme commenced with a warm welcome and an introduction of the distinguished alumni members by Dr. M. Babu Rao, Head of the Department (CSE), and Dr. Y. Adilakshmi, Head of the Department (AIML). The esteemed alumni, Dr. Y. V. Srinivasa Murthy (2006 Batch), Mr. Srikanth Uppala (2005 Batch), and Mr. M. Ravi Teja (2016 Batch), served as resource persons for the event.

Dr. M. Babu Rao(H.o.D ,CSE) addressing the students

Dr. Y. Adi Lakshmi(H.o.D, AIML) addressing the students

Dr. B. Karun Kumar, the esteemed Principal, addressed the gathering on the significant occasion of the DISA Program. In his insightful speech, he emphasized the importance of guidance and direction in shaping students' academic and professional journeys.

He highlighted the need for proper career planning, skill development, and informed decision-making to ensure students achieve their full potential. Encouraging students to set clear goals, he stressed the importance of discipline, perseverance, and continuous learning in today's competitive world.

Dr. B. Karuna Kumar(Principal) addressing the students

Dr. Karuna Kumar also spoke about the role of mentorship, self-motivation, and adaptability in navigating future challenges. He urged students to explore diverse opportunities, make well-informed career choices, and contribute meaningfully to society. His speech served as a source of inspiration, motivating students to take charge of their futures with confidence and determination.

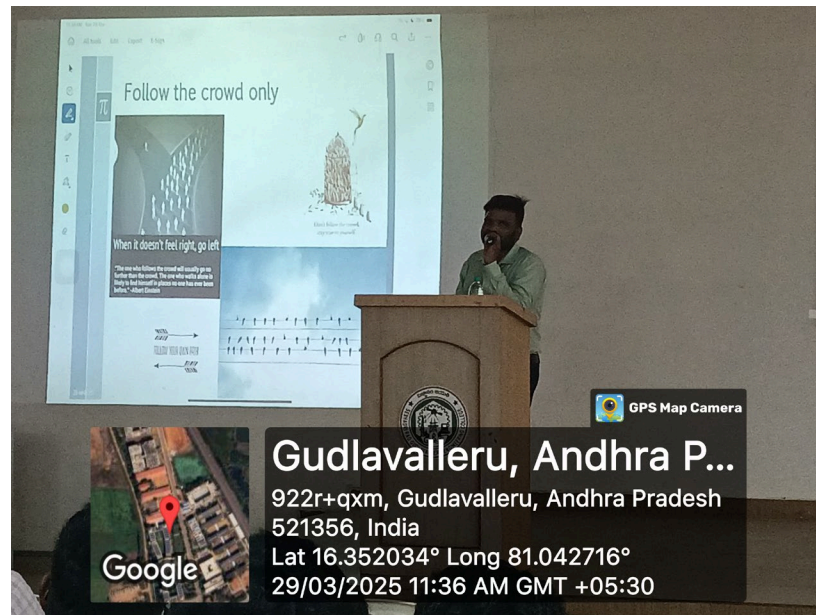

The speakers shared their professional experiences, industry insights, and valuable advice on career growth, skill development, and industry trends. They encouraged students to actively participate in learning opportunities, enhance their technical and soft skills, and make the best use of their time at the institution.

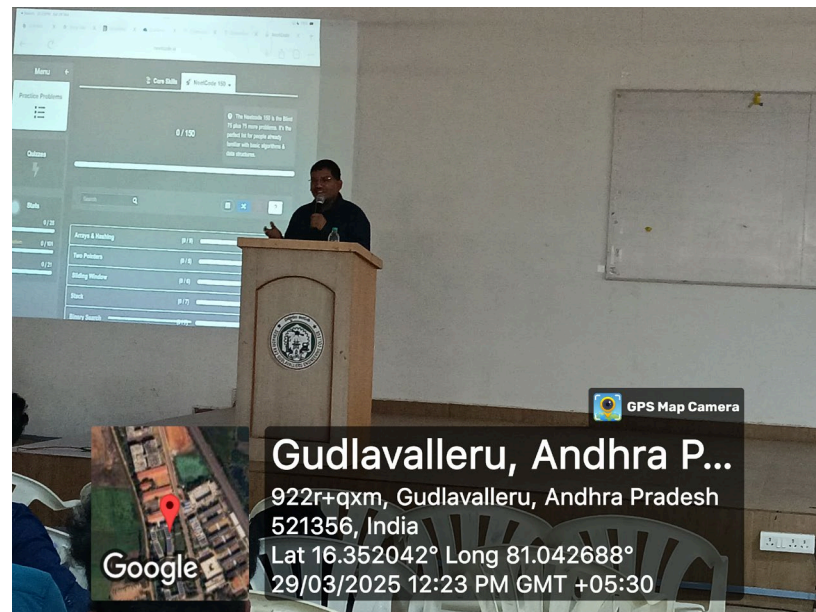

**Dr.B. Karun Kumar(Principal),Dr.P.Kodanda Ramarao(Vice Principal, Admin) ,
HoDs(CSE & AIML),Alumni Coordinator along with Alumni .**

Mr. Srikanth Uppala addressing the students

Dr.Y.V.Srinivasa Murthy addressing the students

Mr.M.Ravi Teja addressing the students

The interactive session allowed students to engage with alumni, seek guidance, and gain clarity on various career prospects and challenges. The event concluded on a high note, leaving the students inspired and better equipped to navigate their academic and professional paths.

During his address to students, G. Vamsi Deepak emphasized the significance of choosing Group I and Group II services for those who aspire to work as civil servants. He highlighted how these positions offer job security, prestige, and the opportunity to serve society while making an impact on governance. He encouraged students to diligently prepare for the Andhra Pradesh Public Service Commission (APPSC) exams, which are a gateway to various administrative positions in the state government.

Mr. G. Vamsi Deepak addressing the students

He stressed that working as a civil servant allows individuals to directly contribute to the state's development, policy implementation, and financial governance. He particularly pointed out the role of the Chief Secretary, the highest-ranking civil servant in the Andhra Pradesh state government, who oversees all administrative functions, coordinates between departments, and implements policies framed by the government.

The SRGEC Alumni Association extends its gratitude to the resource persons, faculty members, and students for making the programme a success. We look forward to organizing more such initiatives to strengthen the bond between alumni and the student community.

Departments of Information Technology & Artificial Intelligence and Data Science

GEC ALUMNI ASSOCIATION

DISA ...a way forward

Date: 10-05-2025

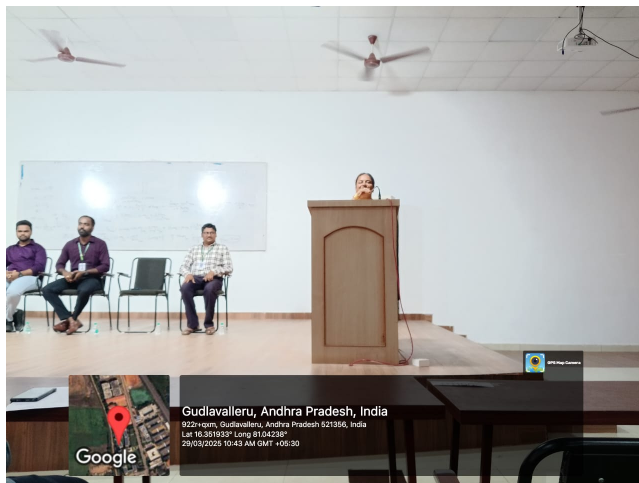

On behalf of the GEC Alumni Association, the Departments of IT and AI & DS organized an orientation programme titled "DISA... A Way Forward" for the students of I B.Tech (Information Technology and Artificial Intelligence & Data Science) on 29th March 2024.

The event was coordinated by Mr. Lakshmi Narayana. I, Alumni Coordinator of the IT Department. The programme commenced with a welcome address and the formal introduction of the alumni resource persons by Dr. D.N.V.S.L.S. Indira, Head of the Department, IT. This was followed by an address by Dr. S. Narayana, Head of the Department, AI&DS, who elaborated on the vision and objectives behind conducting the DISA initiative.

The resource persons for the programme were esteemed alumni:

- Mr. B. Naveen Kumar (15481A1217)
- Mr. P. L. V. Subrahmanyam (20481A12D8)
- Mr. Ch. Sai Praveen (15481A1222)

Their valuable insights and interactions made the session highly informative and inspiring for the students.

**Dr.D.N.V.S.L.S Indira ,Professor & H.O.D giving
opening remarks**

**Dr.S.Narayana ,Professor & H.O.D,AI&DS giving
explaining the purpose of DISA**

Alumni Naveen.B interacting with the students

Mr. B. Naveen Kumar (15481A1217), currently serving as a Technical Trainer at COIGN Consultancy Pvt. Ltd., Hyderabad, delivered an inspiring session that greatly resonated with the students. He effectively motivated the participants by sharing relevant real-world examples, offering valuable guidance on path-setting and career planning.

Mr. Naveen emphasized the importance of ethics in personal and professional life, and highlighted the need for students to show respect towards faculty members and senior students within the campus environment. His session was highly engaging and interactive, receiving enthusiastic applause and appreciation from the audience.

Students thoroughly enjoyed the insights and motivation shared by Mr. Naveen. He also narrated his personal interview experiences, providing practical suggestions and outlining the Dos and Don'ts to be followed during the course of their academic journey. His session left a lasting impact on the students.

Mr. P. L. V. Subrahmanyam (20481A12D8), currently working as an Analyst cum Cloud Support Engineer at Cognizant, also graced the occasion and delivered an insightful session. He addressed the students on the topic of overcoming stage fear, emphasizing the importance of developing confidence in public speaking and communication.

Mr. Subrahmanyam shared his personal journey of securing placement at Cognizant (CTS), including his experiences during campus recruitment and the challenges he faced throughout the process. His narrative provided a realistic perspective on the preparation and perseverance required to succeed in interviews.

In addition, he offered valuable tips for delivering effective presentations, both within the academic curriculum and in external forums such as seminars and paper presentations. He elaborated on various strategies to confidently face technical interviews, guiding students on how to approach them with

preparation and clarity. His session was both practical and motivational, leaving a positive impression on the participants.

Alumni B.Naveen receiving token of appreciation from HoD,IT Dr D.N.V.S.L.S Indira.

Alumni , P.Subrahmanyam receiving a token of appreciation from Alumni Coordinator ,Mr Lakshmi Narayana .I

Mr. Ch. Sai Praveen (15481A1222), currently employed as a Senior Software Engineer at LTIMindtree, also addressed the students and delivered a highly motivational session. He emphasized the significance of co-curricular activities and their vital role in the holistic development of students during their academic journey.

Mr. Sai Praveen provided valuable insights into some of the key core subjects that students should focus on to enhance their placement readiness, along with effective strategies for systematic preparation. He also underlined the importance of internships in gaining industry exposure and improving employability, encouraging students to actively pursue internship opportunities as early as their third year.

His practical suggestions and professional experiences offered the students a clear roadmap for aligning their academic efforts with industry expectations.

The Heads of the Departments took the opportunity to disseminate the Department's Vision, Mission, Programme Educational Objectives (PEOs), Programme Outcomes (POs), and Programme Specific Outcomes (PSOs) to all the alumni in attendance.

It was also conveyed to the students that the GEC Alumni Association is committed to extending its best efforts to ensure that all graduating students of this esteemed institution are well-prepared to meet industry expectations and standards.

As a gesture of appreciation, the alumni members were felicitated with mementos by the GEC Alumni Association. The programme concluded with a vote of thanks delivered by Mr. Lakshmi Narayana. I, Assistant Professor and Alumni Coordinator, Department of Information Technology.
