22.05 Any other item with the permission of the Chair.

a) Review and approve the option of selecting substitute/alternative subjects for MOOCs in case students have taken supplementary examinations.

The principal briefed the council members that:

- In accordance with the regulations outlined in R20 (applicable to batches admitted in 2020, 2021, and 2022), students pursuing a B.Tech degree are required to successfully complete an online course (MOOCs) in addition to their regular coursework. This additional requirement must be fulfilled between the II B.Tech 2nd semester and IV B.Tech I semester.
- It is mandatory for students to finish this online course prior to the announcement of results for the IV B.Tech I semester examination and to submit the certificate of course completion to their respective departments. Failure to do so will result in the student being considered as having appeared for supplementary examinations.
- If the original subject for which the student registered for regular exams is available during supplementary exam registration, the student can opt for the same subject for the supplementary exams with the approval of the respective BOS.

Boonae

- In cases where the subject registered for regular exams are not offered during supplementary examination registration, students may choose a substitute subject in place of the original subject, subject to the approval of the respective BoS. Dr. K. Venkata Reddy, DAP, JNTUK suggested to consider MOOCs courses like edX along with NPTEL.

The council examined the issue and endorsed the principal's suggestion.

b) Review and approve the templates of Provisional Certificates for Honor / Minor degree.

- The principal briefed the council members on the process of issuing provisional certificates to students by the college. He also presented the proposed templates for provisional certificates for Honor / Minor degree programs, as suggested earlier by the university officials.
- Dr. B. Balakrishna, DE, JNTUK mentioned the establishment of a university committee to create PC templates for Honor / Minor programs. The university is going to release the approved templates soon for compliance.
- Dr. K. Venkata Reddy, DAP, JNTUK suggested that Honor certificates should mention specializations, as per the R23 regulations. He also pointed out that for Honor programs, specifying the division awarded is unnecessary as an honor degree itself signifies a first-class distinction. Additionally, he mentioned that JNTUK will introduce specializations in Honor programs and tracks in Minor programs in R23 regulations. Students must earn an extra 18 credits for the honor / minor degrees, following the R23 regulations.
- In conclusion, it was decided to follow the templates provided by JNTUK for issuing PCs for honor / minor degrees.

c) To present the report submitted by the committee constituted to propose logical and sustainable framework of strategies and mechanisms to address student diversity, self learning, enhancing research culture and effective implementation of features of NEP-2020.

- The Principal informed the council members that in the month of December, a committee was established with Dr. K. Syam Sundar, Prof. of ME & CE as the chairman, along with Dr. A. Jawahar Babu, Dr. Y. Ramakrishna, and Mrs. Ch. Sujatha as members, to address various academic concerns as given in the agenda point.
- The committee engaged with department heads, students, Alumni and other stakeholders on various occasions to compile a report for submission to the principal, addressing the diverse academic issues. The committee submitted a report in the month of April, providing recommendations after examining multiple crucial areas aimed at enhancing the educational experience at our institution.

He presented the committee's recommendations to the council members. The recommendations of the committee are given as *Annexure-III* (See page No. 47).

Finally, the principal sought the council members' opinions on the committee's recommendations. The council members appreciated the college's efforts in enhancing research culture and addressing student diversity. They advised the principal to meticulously plan the implementation of these recommendations and design a proper mechanism to track progress in adopting these strategies. Also advised to communicate the progress in council meetings.

d) To present a report on academic and other important activities of the college since the 21st Academic Council meeting.

The principal presented a concise overview of the various academic and extracurricular activities conducted in the college since the last Academic Council (AC) meeting. The details are given as *Annexure-IV* (See page No. 48).

- In conclusion, the principal invited the council members to discuss any additional matters they wished to address.
- Dr. K. Lalkishore praised the principal's detailed presentation and advocated for the continuation of such initiatives in the future.
- Dr. B. Balakrishna expressed satisfaction with the current situation and found no further topics requiring discussion.
- Dr. K. Venkata Reddy expressed that there were no additional points needing discussion.
- Dr. K. Padma Priya noted that there were no points to discuss.
- Dr.D.V.L.N Somayajulu expressed appreciation for the college's activities and encouraged the principal to maintain these efforts in the future. He also mentioned that as a part of AICTE-QIP-PG certificate program in emerging areas to address the gap in faculty expertise and to ensure effective teaching with latest technologies and skills, IIITDM, Kurnool is going to launch a certification program in Internet of Things (IOT).Completing this course makes faculty eligible to teach CSE related branches students. He advised the principal to encourage the faculty of SRGEC to apply for this program once the notification is issued.
- Mr. Sailendra advised the principal to focus on enhancing the regularity of student attendance in classes. He also highlighted the behaviour of the current students and proposed implementing effective strategies to increase student attendance, along with conducting additional counselling sessions to address the students' attitudes.
- To conclude the meeting, the principal reiterated institution's commitment to implement the suggestions presented by the members in the future and thanked all participants for their active involvement.

Recommendations of the NEP-2020 Committee

a) Enhancing Research Culture

- Organize research workshops and seminars to cultivate research skills and promote collaboration among faculty and students.
- Formulate research groups within the department based on their areas of specializations to encourage collaborative research culture.
- Encourage interdisciplinary collaboration by promoting collaboration between different departments and research groups within the institution to foster a culture of innovation and knowledge sharing.
- Invest in state-of-the-art research facilities and equipment to enable cutting-edge research and innovation within the institution.
- Create specialized research centres and institutes within the institution to focus on specific areas of engineering research, providing resources and support for researchers with multi-disciplinary approach.
- Encourage open communication and collaboration between researchers, students, and industry partners to facilitate the exchange of ideas and knowledge.
- Implement mentorship programs for junior researchers and students to learn from experienced faculty members, as well as provide training in research methods and techniques.

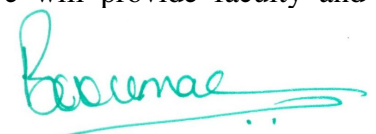

- Encourage student participation in research through undergraduate research projects, internships, and dedicated research assistantships.
- Keep all research- related laboratories open beyond college hours to facilitate the research aspirants to work after the regular class hours.
- Provide seed funding for student-led research projects.
- Offer incentives for faculty research publications in peer-reviewed journals through recognition and promotion.
- Establish awards and recognition programs to acknowledge outstanding research contributions by faculty and students and incentivize a culture of excellence in research.
- Encourage presenting research papers in international conferences of repute.

b) Student Development Activities:

- Focus on foundational literacy and numeracy in addition to the programs conducted during the induction program. Collaborate with premier institutions to develop programs for strengthening FLN skills (Understanding complex concepts, problem-solving and critical thinking, communication, and written expression) aligned with academic regulations.
- Encourage cross-departmental courses and projects as permitted by curriculum, promoting holistic learning.
- Explore options for introducing minor specializations or interdisciplinary electives to integrate knowledge across disciplines.
- Encourage the pursuit of online certification courses by students (A student is permitted to do courses of 32 credits through online platforms without attending the regular classes as per academic regulations). Provide guidance on integrating online certifications with their academic program, align with curriculum on credit transferability.
- Implement Virtual Labs to provide remote access to labs in various disciplines of engineering and help students learn basic and advanced concepts through remote experimentation.
- Encourage blended mode of teaching learning process (preferably 25% of course work for the theory courses in every semester shall be conducted in the blended mode of learning as per the regulations).
- Encourage students to choose an option of selecting skill courses offered by industries/professional bodies or any other accredited bodies.
- Encourage peer tutoring and mentorship programs where advanced students can guide struggling students.
- Assign a faculty advisor/mentor after admission to a group of students from same department to provide guidance in courses registration / career growth / placements / opportunities for higher studies / GATE /other competitive exams etc.
- As part of the alumni adoption program, each group of students will be assigned a dedicated alumnus to provide guidance and support in overcoming academic challenges. The alumni mentor will offer various support programs, such as peer tutoring and mentoring, to help students navigate their academic journey successfully. This initiative aims to foster a strong support system within the student community and enhance the overall learning experience.

c) Conclusion:

- The committee suggests incorporating 8 to 10 free periods per week into students' class schedules, with the final period ending at 3:50 p.m., to effectively execute the proposed recommendations.
- It is recommended to extend the operating hours of research-related labs, project labs, and incubation centres beyond regular college hours. This initiative will provide faculty and

students with increased access to these facilities, allowing for more efficient utilization and fostering a technically advanced environment within the institute.

- Establish monitoring mechanisms to track progress in the adoption these strategies and allocate resources to support the implementation of these recommendations.
- These strategies align with the NEP 2020 vision, cater to diverse student needs, and promote a culture of lifelong learning and research.
