24th IQAC Action Taken Report

Agenda	Minutes	Action Taken
24.01	The Coordinator has presented a report on various academic activities taken up during the current academic year from 26-11-2021 to 28-02-2022. The committee reviewed the achievement of students in co-curricular & extra-curricular activities, placements provided, industrial visits arranged, faculty development programs conducted, faculty publications, etc.	---
24.02	The coordinator presented the various energy conservation methods currently in practice at the college premises and requested the members to suggest other means of conserving energy. Members appreciated the efforts by the college regarding utilization of non-traditional energy and suggested to go for complete replacement of old tube lights by LED bulbs.	Efforts are under progress to replace old tube lights by LED tube lights in a phased manner.
24.03	Members expressed the opinion that students should visit the nearby villages and understand the problems faced by various sectors like agriculture, weavers, fisheries etc and offer solutions to the problems put forth. In this regard, members opined that, a platform in the name of Innovation cell must be established where students of various disciplines meet and brainstorm about the problems of surrounding habitats.	Faculty in charges of NSS and UBA were instructed to take the students to surrounding villages as a part of extension activities to survey the problems faced by the inhabitants. It is decided to establish Innovation and incubation cell, which acts as common facility for all branches of students to discuss, incubate and offer the novel solutions to the challenges faced by the inhabitants of surrounding villages Also Community service project has been made mandatory for the students of R20 regulations.
24.04	Members opined that segregation of waste will make the task more easier, since strategies to dispose each category differs.	Instructions were given to the estate manager to come out with the action plan to segregate the waste and chalk out the strategies to dispose them.
