GUDLAVALLERU

The Agreement is executed on this 24th day of July 2019 (Effective Date) by and between,

Andhra Pradesh State Skill Development Corporation, having its Corporate Office at D.No.78/2, G&J Infra Infosight Building, Near Pathuru Junction, Tadepalli - 522501 herein referred to as "APSSDC" (which expression shall unless repugnant to the context or meaning thereof be deemed to mean and include its successors and assigns) represented by its Authorized Signatory of the first part;

And

GUDLAVALLERU ENGINEERING COLLEGE having its corporate office at **Sheshadri Rao Knowledge Village, Gudlavalleru, Vijayawada, Krishna, Andhra Pradesh 521356** herein after called **GEC, Gudlavalleru** (which expression shall unless repugnant to the context or meaning thereof be deemed to mean and include its successors and assigns) represented by the **CHAIRMAN** of the second part;

APSSDC and College shall herein after be collectively referred to as Parties and individually as first/second Party.

WHEREAS:

APSSDC is a unique organization formed as a public private partnership (PPP) corporation to promote skill-development & entrepreneurship in the state of Andhra Pradesh. APSSDC is the Executive Agency for the Department of Skill Development, Entrepreneurship and Innovation, Govt. of Andhra Pradesh (GoAP) serving the important task of providing high quality skilled manpower as part of the Knowledge and Skills Mission of GoAP. The main objective of the Corporation is to implement a structured and pragmatic solution to skill & upskill the workforce in the State of Andhra Pradesh and to increase employability and promote entrepreneurship in sync with Industrial growth of the State. The process of developing large pool of skilled manpower has been envisaged in partnership with industry to make the skill development mission more industry relevant and self-sustainable. In the process of achieving these goals, the GoAP has

EXECUTIVE DIRECTOR

GDVL

Satyanarayana R

incorporated APSSDC as a special corporate which shall strive for the appropriate and demand driven Skill Development.

APSSDC in its several meetings have discussed and decided to achieve the goal of skill development with participative approach of the stakeholders' viz. the Government, Industry, academic institutions, youth and all other stakeholders. This participative approach will go a long way in accomplishing the task in economical, appropriate proportions with relevance in the shortest period. The APSSDC would provide the extra infrastructural requirements at the selected academic institutions in order to extend the skilling activities and thus realizing the objectives of APSSDC. In this process, the APSSDC has selected some of the leading Engineering Colleges/Govt. Polytechnics/Industry associated training institutions for providing the additional infrastructural facilities required for running the Skill Development programs.

APSSDC and the College/ Institution which is selected for **CM's Skill Excellence Center (SEC) -** ICT Lab have mutually discussed and agreed to enter into this agreement as detailed hereinafter.

NOW, THEREFORE, in consideration of the mutual promises contained herein and other good and valuable consideration, the receipt of which is hereby acknowledged, the parties agree as follows:

PROGRAM REPORT

Name of the Program : Workshop on "Amazon Alexa(AWS) (Online)"

Dates : 14-12-2020 to 19-12-2020

Details of the Resource Person : APSSDC, Amaravathi

Objective of the Program:

- To let students know how latest technology works.
- To enhance knowledge of students how alexa build natural voice experiences that offer customers a more intuitive way to interact with the technology they use every day.

Outcomes of the Program:

- Students will be able to know how Alexa is able to play music, provide information, deliver news and sports scores, tell you the weather, control your smart home and even allow Prime members to order products from Amazon.

No. of Participants : 128

Concluding Remarks : A powerful and extendable smart assistant, Amazon Alexa is currently king of the smart home, and is available on a wider range of devices than the Google Assistant. Importantly, Alexa is getting better all of the time, with Amazon adding new features and abilities.

SOURCE CODE MANAGEMENT USING GIT & GITHUB

APSSDC

Andhra Pradesh State Skill Development Corporation
(Department of Skills Development and Training, Govt of Andhra Pradesh)

Introduction:

Git is a free and open source distributed version control system designed to handle everything from small to very large projects with speed and efficiency. Git is easy to learn and has a tiny footprint with lightning fast performance. It outclasses SCM (Software Code Management) tools like Subversion, CVS, Perforce, and ClearCase with features like cheap local branching, convenient staging areas, and multiple workflows.

GitHub is an American company that provides hosting for software development version control using Git. It is a subsidiary of Microsoft, which acquired the company in 2018. It offers all of the distributed version control and source code management (SCM) functionality of Git as well as adding its own features. It provides access control and several collaboration features such as bug tracking, feature requests, task management, and wikis for every project.

Software Documentation / Technical Documentation is an important task during the product development so that the users need not to worry about how to use your product. From a very small project to a project with a huge number of developers, technical documentation writing is easy by using ReadTheDocs and Sphinx tools.

Duration:

- 6 Days or 36 Hours.

Syllabus:

- Introduction To Source Code Management
- Git Basics
    - Initializing repositories
    - Accessing Existing Repositories
    - Adding / Removing files from Staging area
    - Committing the changes to repository
    - Undoing the commits that are made
- Remote
    - Creating an Account on GitHub
    - Create a remote repository
    - Adding the remotes
    - Push, pull and fetch commands.
- Markdown Syntax
    - Adding text of various styles and formats

PROGRAM REPORT

Name of the Program	:	Workshop on "Online SDP On Source Code Management Using GitHub"
Dates	:	07-06-2021 to 12-06-2021
Details of the Resource Person	:	Harideep K, Anil P, APSSDC

Objective of the Program:

- To let students know how to file and configuration management and version control capabilities to ensure development teams are always working with the latest code
- To prevent students from overwriting each other's code changes.

Outcomes of the Program:

- Students can access to multiple platforms, Built-in Asset Store and Rendering Support, Integration and Customisation of UI and can built the game.

No. of Participants : 100

Concluding Remarks : Source code management (SCM) is used to track modifications to a source code repository. SCM tracks a running history of changes to a code base and helps resolve conflicts when merging updates from multiple contributors.
