ABOUT GEC

Gudlavalleru Engineering College is the vision of late Sri VallurupalliVenkata Rama Seshadri Rao, the man behind the college. It was started in the year 1998 by the AANM & VVRSR Educational Society with an intake of 180 students, 40 each in EEE,ECEand CSE branches and 60 in ME branch. The college is situated at Gudlavalleru village and is surrounded by lush green fields providing serene learning environment. Gudlavalleru is 12 Km from Gudivada,22 Km from Machilipatnam and 58 Km from Vijayawada. The nearest airport is Gannavaram (Vijayawada)45 Km.It also offers PG programs in M.Tech,andMBA.The college is an Autonomous Institute Affiliated to JNTUK,Kakinadaand approved by AICTE.The institution is continuously striving for excellence by adopting changes to improve the systems, practices and performance. The U.G Engineering programmes, EEE,ME,ECE,CE,CSE& IT have been accorded Accreditation status by NBA of AICTE.

Our Philosophy

- We hold ourselves to the highest standards in all our academic endeavors.
- We adhere to high standards of integrity, honesty and ethics in our pursuits.
- We nurture creativity and talent.
- We provide an atmosphere of mutual respect and compassion.
- We serve the society.

ABOUT CSE DEPARTMENT

The Department of Computer Science and Engineering is one of the pioneer departments of GEC with an intake of 240. The students of this department are being selected through campus recruitment in reputed IT companies. Besides the teaching learning process, CSE department regularly conducts workshops, guest lectures, group discussions and refresher courses to enhance the skills of students and teaching community. It is continuously striving to impart quality education and competitive spirit to students for academic excellence. The continual University ranks, high GATE scores and placement of students in various software organizations in and around the country reflect the performance of the department.

- Choose a Career Path that Suits Best
- Q & A Session

Summary of Presentation:

Cloud computing is the on-demand delivery of compute power, database, storage, applications, and other IT resources through a cloud services platform via the Internet with pay-as-you-go pricing. Whether we are running applications that share photos to millions of mobile users or we're supporting the critical operations of a business, cloud services platform provides rapid access to flexible and low-cost IT resources.

AWS is the world's most comprehensive and broadly adopted cloud platform. AWS is capable of performing all the IT operations or almost all IT operations from one single user interface.

PROGRAM REPORT:

Name of the Program: Guest Lecture on " Orientation on careers in Cloud Computing with Amazon Web Services"

Date: 21st April 2022

Details of the Resource Person: Sree Kiran Babu Velnati, Corporate Trainer and Managing Director, SRK Software Consultancy.

Objective of the Program:

- AWS provides a massive global cloud infrastructure that allows you to quickly innovate, experiment and iterate.

- Instead of waiting weeks or months for hardware, you can instantly deploy new applications, instantly scale up as your workload grows, and instantly scale down based on demand.

Outcomes of the Program:

- Student will be able to extends your team with operational capabilities including monitoring, incident management, AWS Incident Detection and Response, security, patch, backup, and cost optimization.

No. of Participants: 251

Concluding Remarks: Amazon web service is an online platform that provides scalable and cost-effective cloud computing solutions. AWS is a broadly adopted cloud platform that offers several on-demand operations like compute power, database storage, content delivery, etc., to help corporates scale and grow.
