LinkedIn: https://www.linkedin.com/in/seetha-nekkanti-23742145

Highly motivated, energetic and results-driven professional with experience at various levels as part of and leading large geographically and culturally diverse teams with successful execution of complex and large-scalesoftware solutions development. Cultivated rapport with senior management, support teams andpeers. Experienced in off-shoring ITdevelopment and establishing processes to maintain productivity in such highly-diversified organizations.Exceptional problem-solving and decision-making skills demonstrated through end-to-end management of projects and focused on delivering results.

- Leading teams to accomplish organizations strategic goals, and compliance through process transformations and technological solutions.

- Building high-performing teams, emphasizing personal integrity and continuous growth across multi-cultural environments.

- Developing robust, scalable enterprise application platforms with high manageability and performance in different domains – banking, payment software, telecommunications, mission critical embedded systems.

- Driver of business initiatives across corporate and cultural boundaries and increasing efficiencies to maximize productivity, improve overall quality, reduce cycle times.

- Excellent written, communication and analytical skills to create a win-win environment to meet corporate and partnership objectives.

- Well versed with technology and tools - different programming languages, operating systems, databases, application containers, Cloud solutions, SDLC processes, Continuous Integration & Delivery Tools

EDUCATION

Master of Technology in Artificial Intelligence & Robotics
Central University of Hyderabad, Hyderabad, India

Bachelor of Engineering in Electronics and Communications Engineering
Andhra University, Visakhapatnam, India.

Microsoft Certified Solution Developer

Participated in various Leadership development programs

PROFESSIONAL EXPERIENCE

* Senior Vice President,Regions Bank, Birmingham, AL USAJune 2017 to current

Led multiple transformational and regulatory compliance initiatives. Worked with financial regulatory agencies like FRB, FDIC for various reviews and with executive leadership team at the bank to mitigate the findings, risk recognition and reduction.

Established policies, standards, framework & governance to comply with regulatory guidance for various organizations including PMO, Risk, Application Development and Infrastructure.

Led technology teams to evaluate options and to develop active-active solutions from infrastructure to network to application to database layers by leveraging distributed data centers paired with cloud native development, Infrastructure as Service, DevOps, automation to deliver speed to market solutions efficiently.

- **Technology Operations Support of internal and external facing systems:** Refined Change Management processes, incident management practices, and established SRE practices for high availability, reliability, recoverability (RTO, RPO), and stability of technology solutions through educating the application development organization on reliability engineering practices, Info security and Infrastructure teams through visibility into changes into technology environments, improved incident management, observability, monitoring & alerting.

- **Risk Portfolio:** Led development teams to implement modern KYC / Customer screening solutions to replace the legacy solutions. Helped optimize the BSA/AML, CTR, Customer Enhanced Due Diligence through process enhancements and automated data and ticket flow systems. Implemented new GRC solution using RSA Archer product.

ed

* Director Software Development,ACI Worldwide, Omaha, NE USAMarch 2012 –2017

Hands-on involvement in architecture, development and strategic initiatives including various organizational transformation initiatives such as Universal Payment Platform, DevOps, Software Watermarking & obfuscation of products based on different technology stacks, Technical Debt tracking & management etc. Managed several POCs as through Chief Architecture Office and ACI Technical Leadership Council.

Managed a portfolio of around $15 million and application development teams of 200+ across diverse geographic locations in Australia, India, Russia, Romania, UK, Ireland, South Africa and US. Provided guidance and mentorship to managers and software product development engineers and architects.

Lead the product development teams to align with corporate strategy and goals in successfully delivering on product roadmap commitments. Led the integration of application Technology organizations of acquired companies into ACI.

* Manager Software Development, CenturyLink, Denver, CO USAFebruary 1998 - March 2012

Led Ordering Support Systems teams to deliver Service Delivery Platform (SDP) for Enterprise Commercial, and Networx for GSA which enabled Qwest to win a government (GSA) award in 2007 to provide different data and voice services to various US departments under GSA Networx contract with a potential of over $40B revenue for a period of 10 years and beyond.

Instrumental in building key OSS systems for Enterprise Ordering and Network by managing teams spread in multiple locations in US and in Bangalore, India.

Lead the development of new product such as VoIP which included customer facing portal, order orchestration, jeopardy management, interfaces with NMS as well as billing systems, Network capacity & forecasting for planning and budgeting, and Technician scheduling solutions for optimal rollout of crews.

Groomed offshore development organization from staff augmentation mode to project delivery mode and for successful execution of product development by providing them with direction, guidance, processes, mentoring, and specific targets from time to time

  o **Achievement:**Several recognitions for deliveryin OSS organization.

* Technical roles

Senior Software Engineer Consultant at MCI Colorado Springs, COfrom May 1996 - February 1998
      Several recognitions for deliveryand leadership - Employee of the Month; Team Leader of the Quarter
