To

The President / Secretary,

*Alumni Association of
Gudlavalleru Engineering
College [AABEC],
Gudlavalleru village mandal
Krishna District.*

[Signature]
District Registrar,
Krishna, Machilipatnam.

Alumni Association of Gudlavalleru Engineering College (AAGEC) was started in the year 2003. It was started with a motive of bringing together all the alumni and share their experiences they faced outside the college and also extend their helping hands from all aspects for the budding engineers of the college. AAGEC organizes various technical seminars / guest lectures, motivates and guides students for their academic improvement.

Objectives of AAGEC:

1. To bring together all the old students and the faculty of Gudlavalleru Engineering College to share their experiences with each other.
2. To maintain and update the data base of all the alumni of the college and to interact with them.
3. To utilize the rich experiences of old students of the college for the benefit and progress of the present students.
4. To provide guidance to the young engineers in their endeavor for better employment and higher studies.

5. To promote the campus placements through the old students working in reputed industries in India and abroad.
6. To get the valuable advices of the Alumni in the overall development of the college.
7. To arrange seminars, debates, workshops on Science and Technology and also to arrange cultural and social welfare programs.
8. To provide financial assistance to the needed alumni members pursuing higher studies based on merit and means.
9. To arrange donations to the poor students either by way of cash or kind for their education purpose.
10. To maintain libraries, reading rooms, lecture halls, training centers etc. useful to the members of the Association.
11. To arrange teaching and training classes to the students studying in the college and also to the members to upgrade technical and general skills.
12. To gather and maintain database of employment information and to assist the members in securing suitable jobs.
13. To maintain website, publish periodical magazines or bulletins with valuable information useful to the members and students.
14. To involve the members in the overall development of the college and the Society.

Significant move from the AAGEC is 'DISA a way forward' - a career building programme for first B.Tech students. This programme will be organized every year for the benefit of I B Tech students. This programme was started on 22nd November 2008 with the purpose of guiding the first B.Tech students through all the four years of their study in this college and for the betterment of their careers.

The following points are highlighted in DISA Programme:

- The budding steps an engineering student needs to take during four years of his/her study.
- The expectations of the industry from an engineering graduate and how an engineer should adapt to changing industry expectations.
- The various career options available for engineers in the light of present economy and educational system.
- Need of acquiring skill set by doing certification programs through online resources like NPTEL, Coursera, Udemy etc

- Importance of communication skills, and allocation of adequate time for keeping the body fit by participating in sports and games.
- Emphasis on development of wholesome personality.

AAGEC offers scholarships to economically poor & meritorious students and has also instituted cash award to the GATE top ranker of the college. AAGEC contributed an amount of Rs.37.504 lakhs towards the financial support for the establishment of 'Skill Oriented Programming Lab' in SRGEC campus during 2021-2022. The alumni of SRGEC are involved in the design of curriculum, mentoring of students through DISA program and career guidance for the students through guest lectures.

All the outgoing students of GEC every year are welcomed into GEC Alumni's fold. Their presence in the association helps to promote personal relationship and thereby improving public relations. They can send the emails to gecgudlallerualumni@gmail.com. The web portal of Alumni Association of Gudlalleru Engineering College is <https://aagec.gecgudlalleru.ac.in>. A database for the alumni has been created, which will be constantly upgraded. This effort was initiated with the view to keep alive, the interaction between the alumni, so that, the alumni may, learn the where about of their batch mates, benefit from the placement cell, where in vacancies and opportunities may be put to use. This also helps in identifying potential among alumni who may, if willing, contribute useful service to the institute. The alumni association thus acts as a platform to share views and experience, on common interests.
