Report on Annual Awareness Programme on 'Code of Conduct'

The Annual Awareness Programme on Code of Conduct for Students and Faculty in Seshadri Rao Gudlavalleru Engineering College is conducted on 14th & 19th July 2021 by principal, Dr G.V.S.R.V.Prasad to convey the code of conduct and its significance and to promote ethical behavior, integrity, professionalism among both faculty members and students.

The primary objectives of the Annual Awareness Programme on Code of Conduct are as follows:

5. Raise awareness among faculty members and students about the importance of ethical conduct in engineering education and professional practice.

6. Introduce and reinforce the code of conduct that outlines the expected behaviors, values, and principles for faculty and students.

7. Provide guidance and tools to address ethical dilemmas that may arise in academic and professional settings.

8. Establish proper mechanism for reporting misconduct, promoting transparency, and ensuring accountability for any violations of the code of conduct.

Faculty members and students developed a deeper understanding of the code of conduct, its relevance, and how it applies to their roles and responsibilities.

All the Participants gained knowledge and skills to navigate ethical dilemmas effectively, making informed decisions aligned with ethical principles. Faculty members and students felt more comfortable reporting misconduct, ensuring a safe and transparent environment for academic and professional interactions. The program contributed to the development of a professional culture, emphasizing ethical behavior, integrity, and respect among faculty members and students.

Report on Annual Awareness Programme on 'Code of Conduct'

The Annual Awareness Programme on Code of Conduct for Students and Faculty in Gudlavalleru Engineering College is conducted on 21-12-2020 & 28-12-2020 by principal, Dr G.V.S.R.V.Prasad to convey the code of conduct and its significance to promote ethical behavior, integrity, professionalism among both faculty members and students.

The primary objectives of the Annual Awareness Programme on Code of Conduct are as follows:

1. Raise awareness among faculty members and students about the importance of ethical conduct in engineering education and professional practice.

2. Introduce and reinforce the code of conduct that outlines the expected behaviors, values, and principles for faculty and students.

3. Provide guidance and tools to address ethical dilemmas that may arise in academic and professional settings.

4. Establish proper mechanism for reporting misconduct, promoting transparency, and ensuring accountability for any violations of the code of conduct.

Faculty members and students developed a deeper understanding of the code of conduct, its relevance, and how it applies to their roles and responsibilities. Overall, the outcomes indicate that the program successfully promoted ethical awareness, decision-making, and a culture of integrity within the institution. This is likely to have numerous benefits, including fostering positive relationships, maintaining a strong reputation, and preparing participants to face ethical challenges in their future careers.
